# Cocktails 15

## **Grisly Grotto**

*Unaged Apple Brandy, coconut liqueur, Croatian Amaro, pineapple, lime, demerara*

Remember the Surfer on Acid? This is that, but isn't that. Tropical and fruity flavors are big here, but balanced with a strong herbaceous backbone from a Croatian amaro.

## **The Marcelino**

*A blend of Vermouths and Dry Sherries, chamomile, grapefruit bitters, carbonated*

This is a Bamboo cocktail made sparkling. We weren't the first to do it, but here's our spin with a blend of fortified wines we're into at the moment with some chamomile. Low ABV, Aromatic, dry, fizzy, sessionable.

## **Remember the Maine**

*Port finished Rye, Cherry liqueur, vermouth Rosso, absinthe*

Fine tuning a classic variation of a Manhattan. We ditched the classic Cherry Heering for a fresh and juicy cherry liqueur that lends itself to the dark fruits and spice of port barrel finished rye. All of that supported by a full bodied red vermouth and absinthe aromatics.

*Please feel free to order up a classic cocktail if you'd like to go off the menu.  
The bar has a solid stock of ingredients at any given time.*

## **Leaping Langosta**

*Mezcal, Mango Liqueur,  
Thai Tea, Honey, lime*

This was kind of a no-brainer of a combination. Thai tea gives an earthy vanilla base that works seamlessly with light smokiness, tropical mango and floral honey.

## **The Alps Martini**

**#1**

*Condesa Gin,  
Neversink Orchard  
Brandy, Spanish  
and Italian Vermouths,  
eucalyptus bitters*

We're gonna do a bunch of these so try to keep up. To kick them off, this one's got a gin from Mexico that boasts Palo Santo and herbs, a pear & apple Calvados style brandy from our friends at Neversink Spirits in NY, a floral blend of fortified wines and eucalyptus aromatics. Spirit forward, orchard fruits, flowers, wood and a little salinity.

## **Rochelle, Rochelle**

*Neversink Gin, Vino  
Aperitivo, Grapefruit,  
Salt*

This is a salty dog made fluffy a la Cafe Dante. Whole grapefruit is tossed through a high speed juicer for a foamy consistency. We're using a gin made with apple spirit and complimenting the bitter tones of grapefruit with a fruit forward, wine based aperitif. Juicy. Crushable. Healthy? Topped with a little salt. Skip the straw.

# Non-Alcoholic

## **Yesfolk Tonics Magnolia Oolong Kombucha 10**

In Fujian, China, Tieguanyin oolong tea leaves are selected for their crisp fragrance. The leaves are further scented with magnolia flowers yielding a multi floral experience.

## **Casamara Club 'Como' Alpine Style Soda 7**

Como is an Alpine style botanical soda with mountain amaro aromatics and an extra dry finish. Cooling citrus and wildflower notes, reminiscent of Alpine amaro.

## **St Agrestis Phony Negroni 10**

Nuanced notes of piney citrus and florals, it drinks with the same bitterness drinkers of the classic cocktail expect. A touch of carbonation is added to help mimic the bite that alcohol typically provides.

# Non-Alcoholic

## **Chinampa Passion Fruit Seltzer** **8**

A fermented seltzer from Mexico. Made with rain water, cane honey, and passionfruit. The result is dry and fizzy, displaying a unique quality of Mexican terroir.

## **Al's Classic Lager** **6**

A can of crushable N/A lager. Ask for a glass if you're feeling civilized.
